

AGRIS | Packages

a greenstone solution

AGRIS is offered in three solution-based PACKAGES based on your type of business:

- **Agribusiness** – for agribusinesses, such as cooperatives, that have multiple divisions/ departments/profit centers of business (i.e.: grain origination, processing, and retail operations)
- **Retail** – for ag retail companies that do not handle grain
- **Grain** – for grain origination, cross-country trading, and export companies

The three EDITIONS of AGRIS allow you to tailor it to your type of business operations:

- **Standard** – smaller business operation, straight-forward processes, introductory level
- **Advanced** – mid-sized business operation with multiple locations, sophisticated structure, which may include cooperative patronage and equity
- **Elite** – complex business operation, most advanced, includes diverse operations with the need to share information with other parties and/or systems

There are additional add-ons available for all packages and editions to make them more customized to your business. For more info, email GreenstoneSales@culturatech.com.
